IHERQLES -- THE SCIENTIFIC BREAKTHROUGH OF THE CENTURY!

More than 50 years in research and development by a huge research team, half of whom are quantum physicists. This project was originally funded by British Royalty for the purpose of finding the cause of aging and the solution for all age-related issues!

This Elite Science Team was headed by Ana Aslan for the first 40 years. She was credited with discovering the cause of aging and their first revolutionary product, Gerovital. But their ultimate goal was to create a 100% plant-based product that could reverse aging ... and that could do no harm. And it is here now -- **iHeRQles!**

Consisting of 44 of the most powerful plants on the planet, this goes way beyond a mere extract. In fact, this Science Team discovered how to go into the Quantum Structure of plants to locate, isolate, and remove the highest frequency, most active, and restorative parts of these plants. So where there may be thousands of different types of molecules with different qualities in the leaves, stalk, roots, or fruit of a plant--they may choose as few as 2 or 3 molecules from each plant! This is highly engineered, computer-driven technology with 1:150 million variables!

More than 300,000 patients have successfully used this product in Europe through Medical Doctors with no negative side effects, allergic reactions, or contra-indications making this the safest and most powerful plant-based product on the planet. It can actually reverse biological aging and issues by up to 20+ years! This is scientifically documented! Lab tests recorded between 10 years and up to as much as 30 years in reversed biological age! There is nothing else that does this!

LIFE IS IN THE BLOOD

THE BUILDING BLOCKS OF BLOOD IS FOOD.

WITHOUT CLEAN BLOOD YOU CANNOT GET WELL!

How does this work? It doesn't do anything--it is a food that the body can work wonders with!

Four sprays of this premium food in liquid form under the tongue wakes the body up. The body eagerly welcomes it right into the bloodstream!

Life is in the blood and the blood receives it by opening the circulation and micro-circulation to take full advantage of these quantum nutrients, the likes of which has never been seen before. And things begin to happen.
Circulation and micro-circulation opens and improves, inflammation is released, the harmful low-frequency things in the blood raise up in frequency so they can be safely eliminated, the immune system gets nourished so it can isolate and discard fast aging and damaged cells in massive numbers and they can be replaced by newly nourished and energized stem cells with long telomeres instead of being replaced by duplicates of our old cells with short telomeres.

This quantum nutrition allows our bodies to be nourished to the point of cleaning out the old and ushering in the new!

This is Reverse Biological Aging at its finest! So – How would YOU like to reverse your age by up to 20+ years? Can you imagine how you would look and feel if you did reverse your biological age by 10-15-20+ years and all the conditions that go with it?
It's Only $87 US a bottle and much less in a 4 pack or a 9 pack.

Compare that to stem cell injections costing many thousands of dollars or the super expensive anti-aging products. And neither of those have tested to reverse aging even close to as much as iHeRQles!
And it is so simple to use! Just 4 sprays under your tongue ideally 15 minutes before you eat for the most added advantages.

iHeRQles

Four months is a complete blood cycle. In that time every red blood cell dies and a new one takes its place.

So, if it is in your bloodstream all day long, new blood cells will be formed in the presence of these high-frequency molecules and take on the frequency, the information from nature, and the quantum nutrients.

So, 3 times a day for 4 months is 12 bottles. Then you can drop down to 1 bottle a month or 4 sprays once a day for maintenance unless you have very serious issues and want faster results.

And now this age-reversing product is available to me and YOU and everyone who is looking for true health and natural age reversal!
